STACCATO’S NEW DUO COVER PLATE

- This is the new DUO cover plate used for all Staccato DUO pistols
- The hex screw below that holds the rear sight in place should not be removed
- The hex screw to remove the DUO plate from the slide is located inside the rear sight and requires a 3/32 Allen wrench

Location of Hex Screw to Remove the DUO Cover Plate

Hex Screw to Remove Rear Sight (no need to remove)
